

Collas Crill acts for Sita Guernsey Limited

October 2015

Collas Crill acted for Sita Guernsey Limited, a subsidiary of Suez Environment, in the development of the Waste to Energy Plant and all related activities in Guernsey.

The team, led by Jason Romer and Chris Bound, brought together project work involving corporate, regulatory, property and project finance type work across the firm.

Working alongside Allen & Overy in a number of the areas of the transaction, the firm has been able to bring its specialist knowledge of the whole Guernsey legal arena building on its experience in specialist projects such as the development of Renewable Energy and acquisition of Herm Island.

Once the States of Guernsey reversed the decision to proceed, the firm advised on the potential for remedies under public law from within the Dispute Resolution team.
