

Jennifer Colegate appointed Co-Chair of IWIRC Cayman network

March 2024

Collas Crill is proud to partner with IWIRC as a gold sponsor of the [Cayman Islands network](#).

Over the years the firm has supported the various initiatives that the network has organised and experienced first-hand the opportunities it provides for the advancement and professional development of women working in insolvency and restructuring.

On International Women's Day we are delighted to announce that Jennifer Colegate, Partner in our Insolvency and Corporate Disputes team, has been appointed as Co-Chair of the IWIRC Cayman network.

'I am honoured to have been appointed as the co-chair of the Cayman network. Having been an IWIRC member since the early years of my career I have a real appreciation for the connections the network offers through the many networking opportunities, whether those be informative technical sessions or more social gatherings of peers and colleagues,' said Jennifer.

'As a partner and senior woman in the industry I am proud and encouraged by the support the network is able to provide to future insolvency and restructuring professionals through its various initiatives and continued dedication to the advancement of women in the industry.

'Along with my Co-Chair Jennifer Fox I am looking forward to building on the wonderful work done by the Cayman board to date, and providing firm foundations for the future female leaders of our industry.'
